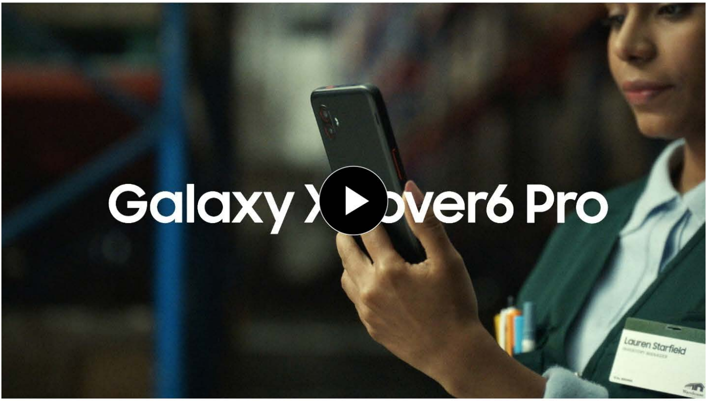
Ruggedness

Power up like a pro. Galaxy Tab Active4 Pro

Unleash your productivity with the portable, durable and secure Galaxy Tab Active4 Pro wherever your work takes you.



Light to carry, easy to use

Galaxy Tab Active4 Pro is designed inside and out to help you simplify your day. Its slim and light body makes it easy to carry in any work environment. Manage your tasks quickly with the intuitive and easy-to-use One UI.

Enhanced performance and connectivity

Work faster and smarter with Galaxy Tab Active4 Pro. With up to 1TB of external storage and the power of the Octa-core advanced processor, you can multitask even with big apps and files. Wi-Fi 6 and 5G (Sub-6) make sure you stay connected whether you're in the office or on the go.

CPU	GPU	RAM
2.1x faster	**2.6x faster**	**4/6GB**

Internal Storage	MicroSD card	Connectivity
64/128GB	**Up to 1TB**	**Wi-Fi6/5G**

*CPU and GPU performance compared to Galaxy Tab Active Pro. Results based on internal Samsung laboratory tests.**5G support and speed may vary by country and require optimal network and connection.***Wi-Fi 6 support, max data throughput and speed may vary depending on Wi-Fi router and usage environment.****MicroSD card sold separately.

7,600mAh
SAMSUNG

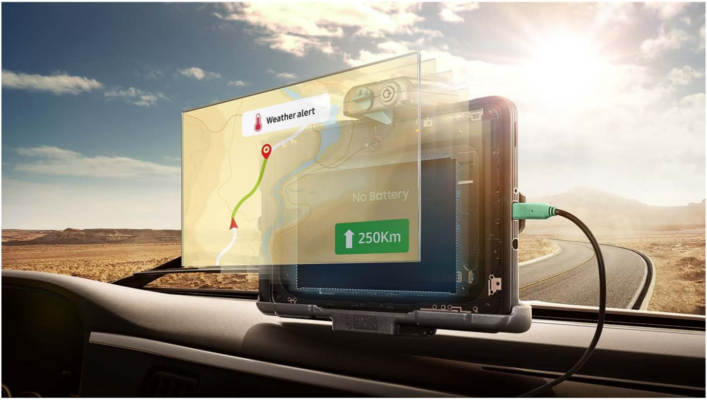
Long-lasting power that keeps you going

Power through your tasks with a 7,600mAh battery. Plug in for fast charging via POGO or USB Type-C when you need to charge. With convenient power options, stay charged and ready to work.

*7,600mAh (typical) refers to the typical value of the battery capacity as tested under internal lab conditions. Typical value is the estimated average value considering deviation in battery capacity among the battery samples tested under IEC 61960 standard. Rated capacity is 7,400mAh. Actual battery life may vary depending on network environment, usage patterns and other factors.**Fast charging requires a power adapter providing electric power of 15W or above. Fast charge power adapter may not be provided in the box (and sold separately) depending on country or region.***POGO charging dock sold separately.

Stay powered even without a battery

Galaxy Tab Active4 Pro stays on and powered even without a battery. When you leave the tablet in high heat inside a vehicle or need to stay charged and connected at a kiosk, use No Battery Mode to keep it powered and avoid a swollen battery. Simply plug into a power source and continue working.



*Screen and tablet images shown are for illustration purpose only. Battery is detachable.**No Battery Mode needs to be turned on and requires a dedicated USB Type-C power source accessory supporting 9V and 2.3A or above, and PD 2.0 or above.***No Battery Mode limits device CPU performance when enabled and reduces maximum volume, display brightness, etc. when enabled.****Cradle and power source accessory sold separately.

Designed to be sturdy and reliable

Galaxy Tab Active4 Pro is reliable in harsh conditions. With Corning® Gorilla® Glass 5, an IP68 rating and MIL-STD-810H compliance, the 10.1-inch tablet is resistant to scratches, water and dust. Portable and compact, it's built to tough out your day.

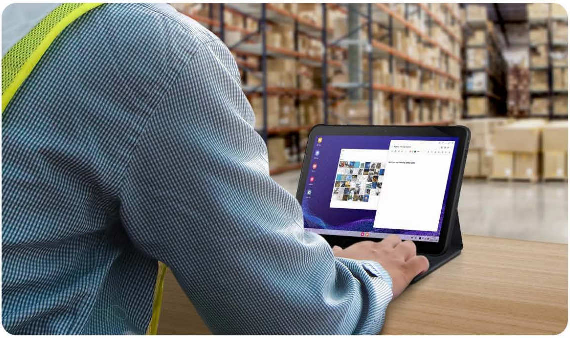
IP68-rated tablet & S Pen
Water and dust resistance

*Image simulated for illustrative purpose.**US Military Standard Compliant MIL-STD-810H. MIL-STD-810H is a standardized form of testing designed by the US Military to accurately assess device limitations.***Tab Active4 Pro is rated as IP68 and IPX5 under IEC standard 60529.****Dust resistance rating is tested under lab conditions by a third party: 2kgs of talc powder (max. diameter of 0.05mm) per cubic meter was blown into a test chamber housing the device (air pressure within device kept below surrounding air) for 2 hours. Rated IP6X. Dust-resistance may vary by actual usage conditions.*****Water resistance rating is based on test conditions: water jetting with freshwater from 6.3mm nozzle hose, 12.5L/min for 3 mins (IPX5) and submersion in up to 1.5 meters of freshwater for up to 30 minutes (IPX8). Not advised for beach or pool use.

A PC-like experience both inside and out

Get the PC-like experience of Samsung DeX for productivity whether you're on site or in the office. Quickly draft emails and send status reports back from the field with Samsung DeX on your tablet, then back in the office move to extensive editing and collaboration on a bigger screen.



*Book Cover Keyboard sold separately. **Keyboard and other images simulated for demonstration purposes only.

Link devices to make business mobile

Enhanced Near Field Communication (NFC) makes your device into a mobile point of sale (mPOS) for easy payment processing from where you stand. Plus use your device to check employee ID and scan barcodes to make your business more mobile and linked than ever before.

Works seamlessly with gloves

No need to take off the gloves. By adjusting the touch sensitivity settings, you can keep your gloves on as you get things done. Open frequently used apps with a single press by mapping them to the Active key. You can even access the Active key while the screen is locked, off or asleep.

*Active key must be enabled to use. Unlocking the screen using the Active key requires configuration in the Settings menu.**Touch sensitivity may vary depending on glove material.

S Pen is just as tough, gloves on or off

Galaxy Tab Active4 Pro comes with an innovative IP68-rated water- and dust-resistant S Pen in box, for an easy way to work on the go with no need to charge. Responsive and precise even with gloves on, easily capture and create content and use it in outdoor environments from logistics to healthcare.

*Dust resistance rating is tested under lab conditions by a third party: 2kgs of talc powder (max. diameter of 0.05mm) per cubic meter was blown into a test chamber housing the device (air pressure within device kept below surrounding air) for 2 hours. Rated IP6X. Dust-resistance may vary by actual usage conditions. **Water resistance rating is based on test conditions: submersion in up to 1.5 meters of freshwater for up to 30 minutes(IPX8). Not advised for beach or pool use.

Securely unlock in an instant

With built-in biometric security it doesn't matter who gets their hands on your Galaxy Tab Active4 Pro – only you can unlock it using your unique fingerprint or facial profile. Face recognition lets you put an end to pin codes and allows easy unlocking with one hand or when wearing gloves.

*Image simulated for demonstration purposes only.
